ALMA MATER

Dear Alma Mater, smile upon thy children!
Gladly we greet thee, altogether lovely;
Peace be within thy classic halls and temples,
Hail, Alma Mater dear.

Hail to the heroes who have gone before us,
Young men and maidens, filled with true devotion!
Bright is their glory, fadeless and undying,
Hail to our heroes gone!

Hail to our classmates, bound by ties ne'er broken;
Here once again we pledge our vows of friendship;
Brave hearts and true hearts sound aloud the chorus:
Long live our comrades dear!

Dear Alma Mater, tenderly thy children
Gather, and bring to thee gracious salutations;
Comrades, your voices lift once again in chorus,
Hail, Alma Mater dear!

FOREWORD

It is with a feeling of pleasure that this Handbook is dedicated by the Student Body to the new students who are coming to our campus this fall. We hope that it will help you understand our campus life, but most of all, we hope that it will enable you to grasp the spirit which is an intrinsic part of Stetson.

This Handbook contains essential information for all students. We have tried to present this material from the student's viewpoint with the aim of answering the questions which are in the mind of every new student. Please read the contents of this Handbook before coming to Stetson, and then bring it with you to be your guide in the year to come.

Every new student is invited and urged to participate in all campus activities. They are your activities, and it is your privilege to contribute of your interest and initiative to all phases of campus life. We extend to you a hearty welcome and greeting as you become an integral part of our Stetson Family.

THE STUDENT ASSOCIATION

HISTORY AND HERITAGE

DeLand Academy, which later developed into Stetson University, was established sixty years ago, in 1883. There were only a few students and one teacher in the beginning. Now there are about four hundred students and fifty faculty members.

Back in 1876, H. S. DeLand of Fairport, New York, was so impressed by the pleasant climate and tropical scenery surrounding a small unnamed settlement in central Florida that he decided to make his home there permanently. From the first he manifested such an active interest in the growth and development of the community that it soon was named DeLand in his honor.

A few years later he built DeLand Hall which houses the present School of Music and moved the year-old DeLand Academy into the new building. He proposed to the Florida Baptist Convention that if the Convention would contribute \$10,000, he would donate an equal sum along with the Academy property. This was done, and in 1887, the school was incorporated as DeLand University. Later, at the request of the original benefactor, the name was changed to John B. Stetson University in honor of the Philadelphia hat manufacturer who had given much of his time and wealth to aid the advancing young college.

Stetson University was conceived with the Christian Ideals as its basis. And today as always that spirit dominates the whole of the University—a spirit which becomes our heritage when we become a part of the student body. Because of world conditions today our goals are even more significant than ever before: scholarship, culture, Christian character. As we adopt these goals for our own, we become a part of that spirit which our past has developed and on which the expectations of the future depend. This is our heritage, and it is our privilege to pass this heritage on to those who will follow.

The Administration

In behalf of the University, it gives me pleasure to extend a hearty welcome to each incoming student. Stetson is a friendly school. Every faculty member is interested in each individual and in each individual's problems. There is a democratic spirit among the students. Everyone is recognized on merit. Each has the opportunity to realize his or her dream of making a fine record in scholarship, and at the same time each has the privilege of participating in religious and social activities, in forensics, in dramatics, in music and art, in intra-murals, and in other worthy activities of the University.

I am happy to welcome you into the great Stetson family.

WILLIAM SIMS ALLEN, President

**Welcome
to
Stetson!**

As you come you are following in the train of a great host of freshmen of other years, many of whom, after finishing their education here, have gone on to achieve distinction in various fields of service. Stetson men and women have a great tradition of character, friendliness, achievement, and service. As you enter the portals of Stetson may it be with the firm resolve not to detract in the least but to add the best that you can give to the finest traditions of your school. Best wishes for a year of high achievement.

Sincerely yours,
H. C. GARWOOD
Dean of the University

It is always a great pleasure to welcome the new students who are coming to join us at Stetson, but it is a special pleasure to welcome each of you this year because you are coming to college in an unusual era in the world's history. We are happy that you will be here to share with us the hopes and dreams which we have for our school TOMORROW when this terrible war has ended and those who have had to leave us will be coming home again.

Please come in to see me often and remember that I shall always be eager to do anything I can to help you.

Sincerely your friend,

ETTER TURNER

Dean of Women

I am happy to extend a warm and personal greeting to every Stetson student. We are glad that you have chosen Stetson as your school and we shall be happy to prove our friendship by helping you in any way that we can.

A good year to you all—both new and old!

Sincerely,

FRESHMAN ORIENTATION

In order to assist the Freshmen in adjusting themselves to the University life and environment a special orientation program preceding registration in September has been arranged for them. The administration, the faculty, and the various student organizations co-operate in every way possible to assist the Freshmen in adjusting themselves to college life and study. The friendly spirit on the Stetson Campus makes it easy for Freshmen to become acquainted with their new environment and with the traditions and ideals of the University. During orientation week, Freshmen will take the psychological, placement, aptitude, and English tests, and on the basis of their scores on these tests they will be advised regarding their courses and will complete their registration. The Freshmen will be given an opportunity to meet and become acquainted with the administrative officers, the faculty, the student body officials, and the student government officials. The student social and religious organizations on the campus all cooperate in helping the Freshmen orient themselves. All Freshmen must be present during Freshman Orientation (September 20-24, 1944).

FACULTY ADVISORY SYSTEM

The University has recently adopted an individualized program. In the place of the old system in which general requirements were laid down for all students with little regard for individual differences, there has been instituted a system of individualized requirements. The use of requirements as such has not been abandoned, but the method of using them has been changed. Instead of being laid down in advance and applied generally, requirements are set up for each individual, based upon his aptitudes, interests, and needs.

Such a system requires methods and devices for discovering individual aptitudes and interests and an organization for counselling students. A group of faculty members has been chosen and is organized to act as counsellors. A testing program is in use to supply the counsellors with needed information concerning individual students. This is supplemented by reports from the high schools from which the students come.

When a student enters the University he has an interview with members of the advisory council, which is supplied with all the information that has been gathered concerning the student. By means of this initial interview and others, from time to time, each student's educational program is worked out and directed. The student is not left free to wander about the educational highway following his own whims and notions, but he is guided along the way.

STUDENT ADVISORY SYSTEM

Each spring the Deans of Men and Women choose from the upper divisions a group of students to become Freshman Advisors for the following fall season. These students are chosen,

not for their high scholastic average or for numerous extra-curricular activities, but for their ability to represent all phases of college life, and still further, to help each new student become a member of the Stetson family as quickly and as easily as possible. An advisor begins his contact with a Freshman through correspondence during the summer, and such associations prove profitable to both advisor and advisee. It is the particular duty and pleasure of each advisor to stand beside his advisee until the new student is well established in college life, having found his place in the group and having adjusted himself socially and mentally to campus life.

SCHOLARSHIP HONORS

Honor Roll: In order to encourage high scholarship, at the end of each quarter the University publishes an Honor Roll of students who do an exceptionally high grade of work. Students who carry a minimum of three majors are eligible to be placed on the list; to qualify, undergraduates must make either a B+ average or no grade below B.

Dean's List: Students of junior and senior standing who carry a minimum of three majors and make an average of B+ with no grade below B during any quarter, and graduate students who carry a minimum of three majors and make all A's during any quarter, shall, during the succeeding quarter be placed on the Dean's List and shall be allowed optional attendance.

GRADUATION HONORS

A student who has been in residence for at least two years and who has earned a 4.0 quality point average shall be graduated "Cum Laude" (with honor); a student who has been in residence for at least two years and who has earned a 4.5 quality point average shall be graduated "Magna Cum Laude" (with great honor). A student who has been in residence four years and has earned a 6.0 quality point average shall be graduated "Summa Cum Laude" (with highest honor). The quality point average is the ratio of the number of quality points to the number of majors earned.

REGISTRATION

Time of Registration: Attention is called to the importance of registering at the opening of the quarter before instruction in the various classes begins. A fee of \$2.50 is charged as a penalty for late registration. Students who enter after classes have begun are at a disadvantage. In order to receive credit in a given course the student must be enrolled in the course not later than the date set in the University calendar as the last day to register for credit.

Change of Registration: If a student desires to change his program of studies after registration, he must secure the approval of the Dean or Director of the college or school in which he is enrolled and his faculty adviser. During any quarter, courses dropped after the first week will automatically count as failures.

ACADEMIC CREDITS

The school year is divided into three quarters of twelve weeks each. The summer session comprises another quarter. The units of credit are as follows:

Major: The amount of credit given for the work completed in a course meeting one hour daily for a quarter. It is equivalent to three and one-third semester hours or five quarter or term hours.

Minor: One half a major, equivalent to one and two-thirds semester hours or two and one-half quarter or term hours.

AMOUNT OF CLASS WORK ALLOWED

The normal load for each student is three majors each quarter. When there is a good reason, a student may be given permission to take less work. Students who are working more than three hours per day outside of school should not carry more than two majors. Students on academic probation will not be allowed to carry more than two majors. A student who passes all of his work and has an average of B or better any quarter may take more than the normal load the next quarter, provided: (1) That he shall have the approval of the chairman of his division and the Dean of the University; (2) That proper consideration is given the health of said student.

CLASS ATTENDANCE

Students are responsible directly to their instructors in the matter of class attendance. When, in the opinion of the instructor, a student is absent to the detriment of his scholastic achievement, the instructor shall notify the student to that effect and give written notice to the Registrar and the Dean of the University. If the student accumulates further absences, he shall, unless excused for illness or emergency, be dropped from the course and shall be reinstated only upon recommendation of his instructor and the Committee on Admissions.

Students who qualify for the Dean's List and the Honor Roll shall, during the succeeding quarter, be entitled to the privilege of optional attendance.

A student who is absent without excuse from one of his classes five consecutive times or who drops a course without permission, automatically suspends himself from the University. When the student's absences have been reported by the teacher, the Dean will inform the student that he has automatically suspended himself from the University and that he may be reinstated only by special permission and upon satisfactory reclassification.

CHAPEL ATTENDANCE

All undergraduate students, unless excused for some acceptable reason by the President, are required to attend Chapel daily. A credit of one quality point for each academic year is allowed for Chapel attendance. A record of attendance is kept in the Registrar's office. A student who accumulates five un-

excused absences any quarter loses the quality point credit. If said student accumulates further unexcused absences any quarter, one-fifth quality point will be deducted for each such absence.

ACADEMIC PROBATION AND SUSPENSION FOR FAILURE IN CLASS WORK

1. A student who fails as much as one-third of his work for two consecutive quarters will be given strict warning and put on academic probation for the next quarter he is in residence; and if said student fails one major of his work during the quarter he is on probation, he will be dropped from the University for one quarter.

2. With the exception of first-year students enrolled in college for the first time, a student who fails in two-thirds or more of his work any quarter will be dropped from the University for one quarter. A freshman who fails in two-thirds of his work any quarter will be placed on probation for the next quarter he is in residence; and if said student fails one major of his work while on probation, he will be dropped from the University for one quarter. A freshman who fails all of his work any quarter will be dropped from the University for one quarter.

3. A student who fails to make a C+ average for two consecutive quarters will be given strict warning and placed on probation for one quarter. If he fails to make a C+ average for the next quarter he is in residence, he will be dropped from the University for one quarter.

A student who is suspended a second time because of failure or unsatisfactory work may not re-enter the University except by permission of the Committee on Admissions.

A student may be released from probation after he has made a C+ average in all of his courses for one quarter. A student who reaches senior classification and is deficient in quality points will be put on probation until the number of quality points earned equals two for each major completed at Stetson.

Any student who re-enters the University after being suspended for failure to meet the terms of probation will automatically be placed on probation at the beginning of the first quarter he is in residence thereafter.

WITHDRAWAL FROM THE UNIVERSITY

In event of ill health or inability to pursue college duties or some unavoidable necessity a student may request permission to withdraw from the University. It is earnestly requested that no parent or guardian withdraw his son or daughter for trivial causes immediately before quarter examinations. Request for withdrawal should be made to the President or the Dean of the University. **Any student who withdraws without permission automatically suspends himself from the University and receives a failure in each of his subjects.**

THE UNIVERSITY COMMONS

A cordial welcome awaits you at the Commons. A good variety of well prepared food makes the school cafeteria the most popular place on campus.

The meal hours are as follows:

THE UNIVERSITY LIBRARY

The library is a depository of knowledge, culture, and experience in printed form, and serves as a general laboratory for the entire college community—students and faculty. It is the hope of the library staff that students will use the library for both study and recreational reading. The staff will gladly assist any student in locating and using library material. Library hours will be found posted on the door of the Library Building.

THE UNIVERSITY INFIRMARY

The infirmary service of the University, under the direction of a competent graduate nurse, provides for the care of all minor illnesses and the relief of acute conditions which do not require special nursing. Supplementary to the service afforded by the University infirmary, a student may at his own expense secure any available physician he desires. The University requires that all illnesses be first reported to the University nurse.

	12:45- 2:00 p.m.
	6:35- 8:00 p.m.

MORAL AND RELIGIOUS LIFE

Stetson University, founded by Christian men and women, is a Christian institution; its seal bears the motto, "For God and Truth." It is the Baptist University of Florida. The teachers are members of Christian churches. Every effort is made to promote a healthy moral and spiritual life.

CHAPEL SERVICES

Chapel services are held daily at 10:15 in the morning, are led by the President, and are primarily for divine worship. Attendance is required of all undergraduate students in the University.

CHURCH ATTENDANCE

All students are urged to attend Sunday School and church services on Sunday. The University cooperates to this end with all the churches in DeLand. On Sunday work is suspended throughout the University, and the office buildings, the laboratories, and the libraries are closed.

THE VESPER SERVICE

The Vesper Service is a non-denominational service sponsored by the Baptist Student Union Council and meets each evening at 6:30 in the Chapel. It seeks to strengthen the spiritual life of the student body.

STUDENT RELIGIOUS ORGANIZATIONS

The following denominations on the campus are organized into student unions: Baptist, Episcopal, Methodist, and Presbyterian.

BAPTIST STUDENT UNION

The work of the Baptist denomination is carried on among the students through the Baptist Student Union, which sponsors the Sunday School, the B. T. U., the Y. W. A., the Ministerial Association, and the Volunteers for Christian Service.

THE VOLUNTEERS FOR CHRISTIAN SERVICE

The Volunteers for Christian Service is an organization composed of students of all denominations who have dedicated themselves to a life of service to God. Membership is by invitation extended to those who indicate a desire for membership and a willingness to live up to the motto of the group, "that in all things Christ might have pre-eminence." Meetings are devoted to instruction, inspirational talks, and plans for definite service.

MINISTERIAL ASSOCIATION

The Ministerial Association is composed of a group of young men who are studying for the Christian ministry. To be eligible for membership the student must be either a licensed or an ordained minister or be recommended by a Christian Church as a candidate for the ministry. The association holds weekly meetings at which an outstanding minister or layman is invited to discuss some phase of ministerial activity. An effort is made to enlist each member in some place of service—preaching, teaching in Sunday Schools, or conducting study courses.

Its success in the past has depended wholly upon individual dignity, integrity, and responsibility. The future will be determined in like manner. Each girl is called on for whole-hearted participation, realizing that through this participation she as an individual speaks and will as an individual contribute to the standards of Stetson University.

WOMEN'S PAN-HELLENIC ASSOCIATION

Betty Jane Amidon
President

The Pan-Hellenic Council is composed of two members from each sorority. It is our purpose to co-ordinate sorority activities and to sponsor worthwhile projects from time to time during the year.

Information About Sororities and Rushing

Approximately one-half of the co-eds do not belong to sororities. For various reasons, these girls either may be unable to join a sorority or may not wish to become affiliated with any such group. In any case, a girl is judged by what she is as a person and not by any organization to which she belongs. Many inquiries are made each year by women entering the University for the first time concerning the nature of sorority membership and of "rushing." The following information is given with the hope of answering these questions.

A sorority is a group of college women numbering from twenty to fifty, who have elected to establish close affiliation with one another for four years as college students and thereafter as college and sorority alumnae. The procedure of securing new members is termed "Pan-Hellenic Rushing." Rushing simply means that the sorority invites you to certain functions and has individual engagements with you in an effort to become acquainted.

Alumnae members of each sorority send back recommendations to their groups if they have sisters, relatives, or close friends entering the college whom they think would be adaptable to their groups. During Rush Week these recommended persons largely make up the group of rushees. There is informal rushing during the remainder of the college year—that is, each sorority entertains at intervals. This later type of rushing is done to select new members from acquaintances made through campus contacts and friendships as contrasted with the contacts made through recommendations of alumnae and friends. After Rush Week the sororities invite a certain number to become pledges. The procedure is "sorority bidding" and the invitation is termed a "bid".

Women who have work scholarships granted by the university may be rushed by sororities, but they cannot accept bids while on work scholarships.

PAN HELLENIC RUSH RULES FOR 1944-45

1. Following the Freshman Orientation program, there will be a period of rushing from September 25 through October 6 (excluding October 1 and 2), during which period each sorority will have an open house and give one informal rush party.

Bidding shall take place under the supervision of the Dean of Women on Saturday, October 7, at 8:00 a.m. in the Commons.

2. There shall be a Pan-Hellenic reception for all girls on Sunday, September 24.

3. Sorority members may date rushees Monday through Thursday: an hour luncheon late and dating from 3:30 to 6:30 p.m. On Friday and Saturday afternoon each sorority shall have open house: each girl who attends will pay for her own refreshment. Open houses will be in the following order:

Friday, September 29

Delta Delta Delta 4:00 to 5:00 p.m.

Alpha Xi Delta 5:00 to 6:00 p.m.

Saturday, September 30

Pi Beta Phi 4:00 to 5:00 p.m.

Zeta Tau Alpha 5:00 to 6:00 p.m.

4. Sunday, October 1, and Monday, October 2, will be silent days.

5. Tuesday through Friday each sorority shall have its rush party subject to approval of the Pan-Hellenic Council. They shall be in the following order:

Alpha Xi Delta

Pi Beta Phi

Zeta Tau Alpha

Delta Delta Delta

6. Rushing will not be permitted at night after parties are over. There will be no rushing or dating at any other time than those hours designated. (This includes no dating during chapel hours, no fraternity members walking with rushee to or from class or town, and rushing during the evening after bids have been issued.)

7. The price spent for each person attending the party shall not exceed \$2.50 to cover all expenses.

8. There shall be no visiting with new girls by fraternity members or non-fraternity women after 6:30 p.m. any day in the week. No social double dating with upperclassmen is allowed. Only one active may date a rushee at a time.

9. No money is to be spent by rushees or fraternity girls on each other.

10. At no time during rushing shall there be any alumnae or patronesses in the dormitory. (Each sorority shall inform alumnae of this rule.) The total number of alumnae and patronesses attending parties shall not exceed ten.

11. The homes of alumnae may not be used for dating.

12. No sorority may have consecutive dates with any rushee unless she is not being rushed by any other sorority.

13. No sorority shall rush a girl who has not made at least a C average in her four years of high school. If at the end of the first quarter she has made a C+ average, she is eligible to be rushed.

14. Any girl on one year scholastic probation who has made a C+ average first quarter is eligible to be pledged and initiated second quarter.

15. A pledge must make at least a C+ average in order to be initiated.

16. An initiate must be enrolled in the University at the time of her initiation.

17. Three majors of work must be carried by a girl who is pledged or initiated unless she receives special permission from Pan-Hellenic.

18. The Pan-Hellenic Council shall meet immediately after grades are released by the Registrar at the end of the quarter and determine the eligibility of each girl for initiation by any group.

19. Pledging at any time other than the scheduled date must have the approval of the Pan-Hellenic Council.

20. The date card system will be used by the Stetson University Pan-Hellenic Council.

21. No sorority shall bid over its quota of forty. (This includes actives and pledges.)

22. No transfer may be pledged who does not have a C average. She must have been enrolled in Stetson for one quarter before being initiated.

23. Girls on scholarship may be given a courtesy rush during any rush season.

24. The Pan-Hellenic faculty advisor shall be elected annually by the Pan-Hellenic Council at the spring election of officers.

25. During orientation week the Pan-Hellenic Council shall call a meeting of Freshman women and explain rushing and sorority life. Before rushing season Pan-Hellenic shall call a meeting of all University women to discuss rushing rules.

26. All sorority members and rushees (in case of violation of these rules) shall be subject to a system of graduated penalties as decided upon by Pan-Hellenic. These penalties shall be read and explained at the first meeting of freshman women called by Pan-Hellenic.

The Stetsonian. The Stetsonian is a campus magazine in which selected literary exercises of the students and faculty are published.

MUSIC

The Music School Association. The organization is composed of the students of the School of Music. According to the constitution which was adopted by the student body in the Spring of 1940, its officers are elected by general vote of the students in the spring of each year. The purpose of this organization is to develop initiative in student activities to create a more desirable relationship between the students and faculty, and to strengthen all connections between the School of Music and the other schools of the University.

The Stetson Glee Clubs. The University has two glee clubs, one for women and one for men. These clubs operate as separate units, and combine to form the University Chorus. The glee clubs appear in concert at the University and in many cities throughout the State. The chorus appears in concert at Christmas, in the Spring, and at Commencement. The Radio Chorus of twenty picked voices appears in concert throughout the state. Membership in these organizations is competitive.

The Stetson Symphony Orchestra. The Stetson Symphony Orchestra was organized to provide the student opportunity for orchestral experience as player soloist, conductor, composer, or arranger. The repertory includes standard overtures, symphonies, concertos, classical and modern selections. Stress is put on sight reading.

The Stetson Little Symphony. The Stetson Little Symphony is a small orchestra composed of experienced student players. It performs as opera and oratorio orchestra, and presents original arrangements and compositions. It furnishes music for University plays and on those occasions is led by student conductors.

The Stetson Band. This concert band is a feature of the music training of the School of Music. Throughout the year the band gives concerts in various cities in the state. During the winter season concerts are given from the city band-shell. The band participates in many of the important state functions.

Especially for Freshmen

HINTS FOR FRESHMEN

Concerning your address:

1. Your mail should be addressed to your dormitory, Stetson University, DeLand, Florida.
2. Trunks and large packages sent by express should be addressed to your dormitory and room number, Stetson University, DeLand Florida.

Concerning your arrival:

1. You should go immediately to your dormitory. Students will be there to guide you to your room. Your advisor will contact you.
2. Be sure to have sheets, a pillow case, towels, and wash-cloths in your overnight bag in case your trunk does not arrive for a day or two. It is wise to send your trunk two or three days before you leave.
3. Storage space is provided in each dormitory for trunks after they are unpacked.
4. If possible, arrive in time on September 20 to get settled before the first meeting of the orientation program.

In general:

1. First of all, obey all University traditions, rules, and regulations.
2. Make acquaintance of your classmates and others as soon as possible. Stetson is a friendly school. We speak to everyone whether we know them or not—profs included.
3. Take an active interest in all student elections in which you are concerned.
4. Mark your clothes and linens. Flat laundry is sent out by the school, but each item must be marked.
5. Join only those extra-curricular activities in which you are really interested. They will be an important part of your campus life, but remember that "majoring" in extra-curricular activities means neglecting important studies.

FOR THE GALS

Concerning your wardrobe:

1. A white dress is a must on your list. They are used for various meetings and ceremonies.
2. Remember, this is sunny Florida. You will need plenty of summer clothes for the first month of school and next spring.
3. Fall clothes will be worn for the formal rush parties.
4. If you want to go home with a tan, bring suitable clothes, but remember that a coat should be worn over shorts on the campus.
5. Rain or shine the profs expect us to be in class—so bring a rain coat, preferably light-weight.
6. Bring equipment for the sports in which you want to participate. Equipment for the regular gym classes is provided, of course.

7. At least two evening dresses are necessary—one appropriate for teas, receptions, and recitals and one appropriate for any formal dances that may be given. Because of the war (familiar line) the number of formal dances has declined.

8. Needless to say, bring saddle shoes and oxfords for campus wear.

Concerning living arrangements in the dorm:

1. Some extras help make your room seem more like home. You will need curtains for the windows, and, if you live in Chaudoin, for the closet doors. Since the windows are not standard size, you may wish to purchase curtains after you arrive.

2. Small rugs for the rooms in Conrad, Stevens, and the south wing of Chaudoin will make the room more attractive. This, too, may be decided with your roommate after you arrive.

3. An alarm clock is an absolute necessity. A study lamp is second on the must list (hate to remind you of it, but after all—). An electric iron is very useful.

4. Each roommate may wish to bring a pair of twin-size bedspreads. Then you may change the color scheme of your room occasionally.

Learn the council rules—They are really simple and few. Now guess I'm supposed to say something like, a stitch in time saves nine. Anyway, you get the idea.

FRESHMEN RULES

IMPORTANT: Upperclassmen should refrain from requesting any act which will offend the sense of pride or honor of any freshman.

8. Freshmen must carry student handbooks with them constantly during the first quarter.

STETSON SONGS

STETSON VICTORY SONG

We are the guys from Stetson U
You hear so much about;
The other schools all envy us whenever we go out,
So fill your lungs and sing it out,
And shout it to the skies,
The green and white forever
We'll be loyal till we die.
As we go marching and the band begins to play
You'll hear us shouting,
Stetson U will win the day.

DEAR ALMA MATER

Dear Alma Mater, we love your spirit;
We love your valor true and fine;
Your colors waving in all their glory
All the honors won through time.
Our school we cherish in all its glory
Not another can compare.

And Hatters all will fight for dear ole Stetson U.
